

IN THE SPECIFICATION

Please replace paragraph [0113] with the following amended paragraph:

[0113] As has been described referring to Fig. 8, the archived content contains the "archive header", "information for decoding", "program" and "data", among which the "data" is added with a ~~message~~message digest function value (MD) as shown in Fig. 10. Such message digest function value is also added individually to the system programs such as "downloader" and "extractor".

Please replace paragraph [0152] with the following amended paragraph:

[0152] While all of such contents may be charged, some contents may more preferably be free of charge. In this entertainment system, all of news content, commercial content for informing sport event or concert, information content of new movie and commercial content of new game are free of charge. Decoding of such contents does not need the public key, and the "extractor" properly ~~decodes~~decodes such contents without using the public key to thereby allow the users to enjoy the contents.
